

Advanced Thermodynamics
Prof. B.S. Murty
Department of Metallurgy and Material Science Engineering
IIT Madras

Basic definitions

Questions:

1. What is free energy? Why is it called “free” energy?
2. What are the different forms of entropy?
3. What would be the configurational entropy for an ordered compound?
4. How is entropy defined in the second law of thermodynamics?
5. What is third law of thermodynamics?
